

Bulldozing Begins

Photo by Dannie Oliveaux

A bulldozer began work on a nearby hill at Lakeridge Middle School on Myers Road last week. The project includes replacing the current school to reduce overcrowding. The existing gymnasiums will be remodeled and incorporated into the new school which will be located behind the current facility. When the new school, slated for completion in July 2010, is completed the old school will be demolished and replaced with new athletic fields.
