## Evaluators needed for senior projects

Community members are invited to serve as evaluators in the 2009 Senior Boards at Sumner or Bonney Lake high schools from 12:30 to 3 p.m. May 19 and 20.

This is one of four state requirements for graduation and helps students understand the connection between school and the

real world.

Students select a topic to study and present their findings to teachers, students and other community members.

To volunteer, contact Traci Lewis, BLHS Senior Project Coordinator, at 253-891-5719, or Karen Wilkerson, SHS Senior Project Coordinator, at 253-891-5500.
