Our Promise

Our promise in the Sumner-Bonney Lake School District is to know, value, and support every student, helping them graduate ready to pursue a promising future.

The SBLSD promise comes with a commitment to promote a district culture of fair and inclusive practices, where each student receives equitable access to the opportunities, resources and supports to succeed and thrive.

Achieving this commitment honors our deeply held belief that EQUITY is achieved when each student receives what they need to graduate prepared for success after high school.

## Four Pillars: Building Blocks for Action

The Four Pillars of our strategic plan describe the capabilities we must develop to accomplish our student success goals.

<table>
<thead>
<tr>
<th>Pillar A: Teaching &amp; Learning</th>
<th>Pillar B: Safe Culture and Strong Partnerships</th>
<th>Pillar C: Professional Learning</th>
<th>Pillar D: Continuous Improvement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Our first Pillar focuses on &quot;teaching &amp; learning.&quot; All students have equitable access to rigorous, on-standard curriculum and materials, and instruction. Assessments reflect students’ prior knowledge, learning styles, and cultural backgrounds.</td>
<td>Our second Pillar recognizes that “schools can’t do it alone.” A positive school culture supports the learning and social-emotional needs of students and staff. Trust among students, staff, families and community is nurtured through shared responsibility for student success and meaningful stakeholder “voice”.</td>
<td>Our third Pillar emphasizes “investing in people” Continuous learning of educators is differentiated and linked to mastery of the professional standards and to evidence-based continuous improvement of teaching practices, leadership practices, and organizational practices.</td>
<td>Our fourth Pillar is about “managing the whole.” Decisions are data-driven and resources are allocated equitably based on data-supported needs of students, staff, and schools.</td>
