Room to Learn
A Great Place to Learn
FEB. 11, 2020 LEVY & BOND
PROP 1: Educational Programs & Operation Levy

A Great Place to Learn

- 4-year replacement levy; no new tax
- Levies are for Learning: Requires 50+%
- Washington State does not fully fund education. Levies help bridge the gap between what the state funds and what is actually needed to educate students.

Community Engagement: Bond Recommendation Process

1st Step: Sumner High School Task Force
2nd Step: Facilities Steering Committee

Each group played a significantly different, but equally important role in the process of determining the recommendation for the Sumner High School bond project.
Task Force Recommendation: SHS

WHO?  Community members from SBLSD and Dieringer SD with expertise and experience in construction management related areas.

WHAT?
- Reviewed the circumstances around the original project
- Worked collaboratively to provide input and evaluate concepts developed and refined by Hainline Construction Management Team
- Recommended a path forward for the Sumner High School

Future Growth:
Land for a Middle School

Need: Potential for increased enrollment associated with three large developments planned within district boundaries:

- Tehaleh
- Falling Water
- Plateau 465
Future Growth: Land for a Middle School

- Currently 20% over capacity at middle school.
  - Current enrollment (2376) exceeds our current capacity (1968) by 408 students
- Additional 15% middle school growth district-wide by 2030
- Anticipated middle school student generation in Tehaleh area approximately 957 students
Future Growth: Land for a Middle School

Future Growth: Turf/Lighted Field @ MS Site

3314: # of participants who use our turf field yearly

597: # of hours we can accommodate to groups on our turf fields

175: # hours we cannot meet to groups who need turf fields

Remember to vote: February 11

Future Growth: Turf/Lighted Field @ MS Site

- We can’t meet the demand
- 90% of current unmet need are covered by grass fields
- District stops grass field rentals in November/Open again around March
- Turf design is much safer
  - Footing is better
  - Consistently flat
  - Cushioning in the field
