2022-23 School Meal Prices
For the past two years, a USDA waiver allowed school districts to provide free breakfast and lunch to all students. The waiver has now expired and we need to transition back to regular prices for school meals. For more information, please contact your child's school office or visit sumnersd.org/familyaccess.

Possible Bus Delays
Due to extreme bus driver shortages, it is likely that some routes will be affected. As always, your child's safety is our primary concern. If the potential of route changes is expected, we will send a notice to all families as much advance notice as we can give.

Lockdowns, police activity, bus accidents, potential threats
During an emergency, our first priority is to protect our students and staff. When we share information, our goal is to ensure that it’s timely and accurate. At times, we’re not at liberty to share information because of an investigation. We communicate what we can when we can. Emergency situations can be confusing, complex, and fast-paced. The family communication protocol is used only as a guidance on situations we may intend communication actions. Visit sumnersd.org/safety.

The five-year strategic plan was developed over several months in collaboration with 200 diverse voices involving staff, students, families and community members.
