**4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.**

1. Promotion of ASB card sales. Students do not understand the benefits of an ASB card and how it can help get them deals and discounts. The ASB class will work on doing a better job promoting ASB card sales to students prior to school starting.
2. Promotion of clubs - we believe there is a lack of awareness of what clubs we have to offer and the ASB will do a better job promoting all available clubs to students at the start of the school year.
3. Lack of Transportation - The ASB will work with Central Office to re-establish the activities bus so that students can stay after school to participate in extracurricular activities and have a ride home.
